

RemarksElection/Restrictions

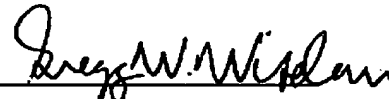

Restriction to one of the following inventions is required under 35 U.S.C. § 121.

- I. Claims 1-20 and 31-45, drawn to a switching control circuit, classified in class 363, subclass 16.
- II. Claims 21-30, classified in class imaging system, subclass 327/434

Applicant elects to prosecute the invention of Group I (i.e., claims 1-20 and 31-45). The claims of Group II (31-30) are withdrawn from consideration.

Respectfully submitted,

B. Mark Hirst
